Novice horse must not have competed in barrel racing prior to November 18th, 2023. A rider can enter multiple horses in the novice horse class as entries are based on rider/horse combination. You must run your horse as shown on the draw so that points will be accurate.

I certify that the above horse has not competed in barrel racing prior to November 18th, 2023 and that I understand I do not need to be a member to compete, only if I want to earn points towards a year-end buckle.
